

BAR – CATERING – AUDIO/VISUAL OPPORTUNITIES AT THE WILDSIDE CENTRE

An exciting opportunity has arisen at the Wildside Centre to support local businesses or community groups. As Stratherrick and Foyers Community Trust open the doors to more events many will require bar facilities, catering options and audio visual support. We hope supporting local business in this way will support you and help create local employment or help you raise funds for your community group. We aim to support members of the community by providing information to make the organisation of their events a little easier. We are offering the following opportunities;

If you are a licence holder run a mobile bar (this is likely to be one contract). Service details and price list required. Glassware price also required.

If you run catering services and provide menus for meetings, buffet menu for events, sit down events (ie a wedding or awards ceremony) (we will provide users with optional menus from several contractors and evaluate service). Service details and menu per head list required. Crockery price also required.

Provide DJ/Lighting/Technical support for events and meetings. Service details and price per hour/event required.

Provide decoration for events such as all age birthday parties and weddings. Service details and price list required.

If any of these opportunities are of interest please do not hesitate to contact: tony-ceo@sfctrust.org.uk for more information or send details by **22nd October 2021, 12 noon**.
